# Nikomama Eisa Club "Tensho"

Welcome to Niko Mama Eisa Club "Tensho"!

Tensho is a type of "Eisa" that Nikomama Mirai Nursery School and Nikomama Konoha Nursery School are working on. Eisa can help develop flexibility, core strength, physical strength, sense of rhythm, coordination, mental strength, and independence while having fun. The rhythm of the Paranku, Shime-daiko, and O-daiko drums will lift your spirits and make you feel the excitement of the festival!

Eisa is one of the many traditional dances in Japan, and we want to pass on the joy and culture to children. The children at Niko Mama love it so much that they organize an "Eisa recital" every year with the Okinawan "Creative Arts Troupe Lequios." Children who have graduated from Niko Mama have also started participating, and in May 2024, the Niko Mama Eisa Club "Tensho" was formed. The name Tensho comes from the childlike nature, energy, and smiles of Niko Mama's children, and the seriousness with which they perform Eisa. It was inspired by the image of "children soaring into the sky" and the desire for the children to spread their wings and fly high.

At Tensho, we value the healthy development of children and dancing with people who are interested in Eisa in the local area, including their parents. Children who want to dance, as part of lifelong learning, or to get rid of lack of exercise, why not come and dance with us and move your body to your heart's content? We look forward to your membership!
